

About the Project

The City of Saskatoon (City) Central Avenue Streetscaping project stretches from 108th Street to 115th Street and includes the construction of corner bulbing, sidewalk improvements with a paved amenity strip, street trees and unique street furniture, two lanes of traffic, parallel parking and visual amenities.

Phase one, between 109th and 110th Street, was completed in 2012. Phase two, north of 110th Street to north of 112th Street, is scheduled to begin August 18, 2014. This phase is expected to be completed this construction season.

The City has contracted Sautner Concrete Services to complete the second phase of the project. The work has been split into three stages, beginning on the east side of Central Avenue.

The following restrictions may affect your property starting on Monday, August 18, 2014:

Stage 1:

Approximate duration: 10 days

The sidewalk along the west side of Central Avenue between 110th and 112th Streets will be closed to pedestrians while the sidewalk is removed and replaced for the water and sewer work to take place.

Road Restrictions: Central Avenue will be completely closed to traffic. Traffic will be detoured down Egbert Avenue during this period.

Stage 2:

Approximate duration: 4 weeks

The remaining construction on the west side of Central Avenue between 110th and 112th Streets will take place.

Road Restrictions: Central Avenue southbound lanes will be closed. Two-way traffic will be accommodated in the northbound lanes of Central Avenue.

Stage 3:

Approximate duration: 2 weeks

The sidewalk along the east side of Central Avenue between 110th and 113th Streets will be closed to pedestrians while the sidewalk is removed and replaced.

Road Restrictions: Northbound traffic will be accommodated on Central Avenue, while southbound traffic will detour as shown on the reverse side of this notice.

Other Facts About the Project:

- Timelines for each stage are weather permitting and barring any unforeseen circumstances.
- Secure fencing and signage will be installed around the construction zone.
- 112th Street west of Central Avenue will be closed for a contractor laydown area. Back lane access will not be affected.

Frequently Asked Questions

Will there be major traffic restrictions?

- Central Avenue will be closed for the first stage of the project. Two-way traffic will be accommodated for the second stage. For the third stage a detour will be in place for all southbound traffic.

What about parking?

- There will be no parking allowed on either side of Central Avenue between 110th and 112th Streets for the duration of the project.
- 111th and 112th Streets will have limited parking near Central Avenue.

What about garbage pickup?

- Back lane access will not be affected.

Will my water and sewer service be affected?

- Water and Sewer services will not be affected by the work.

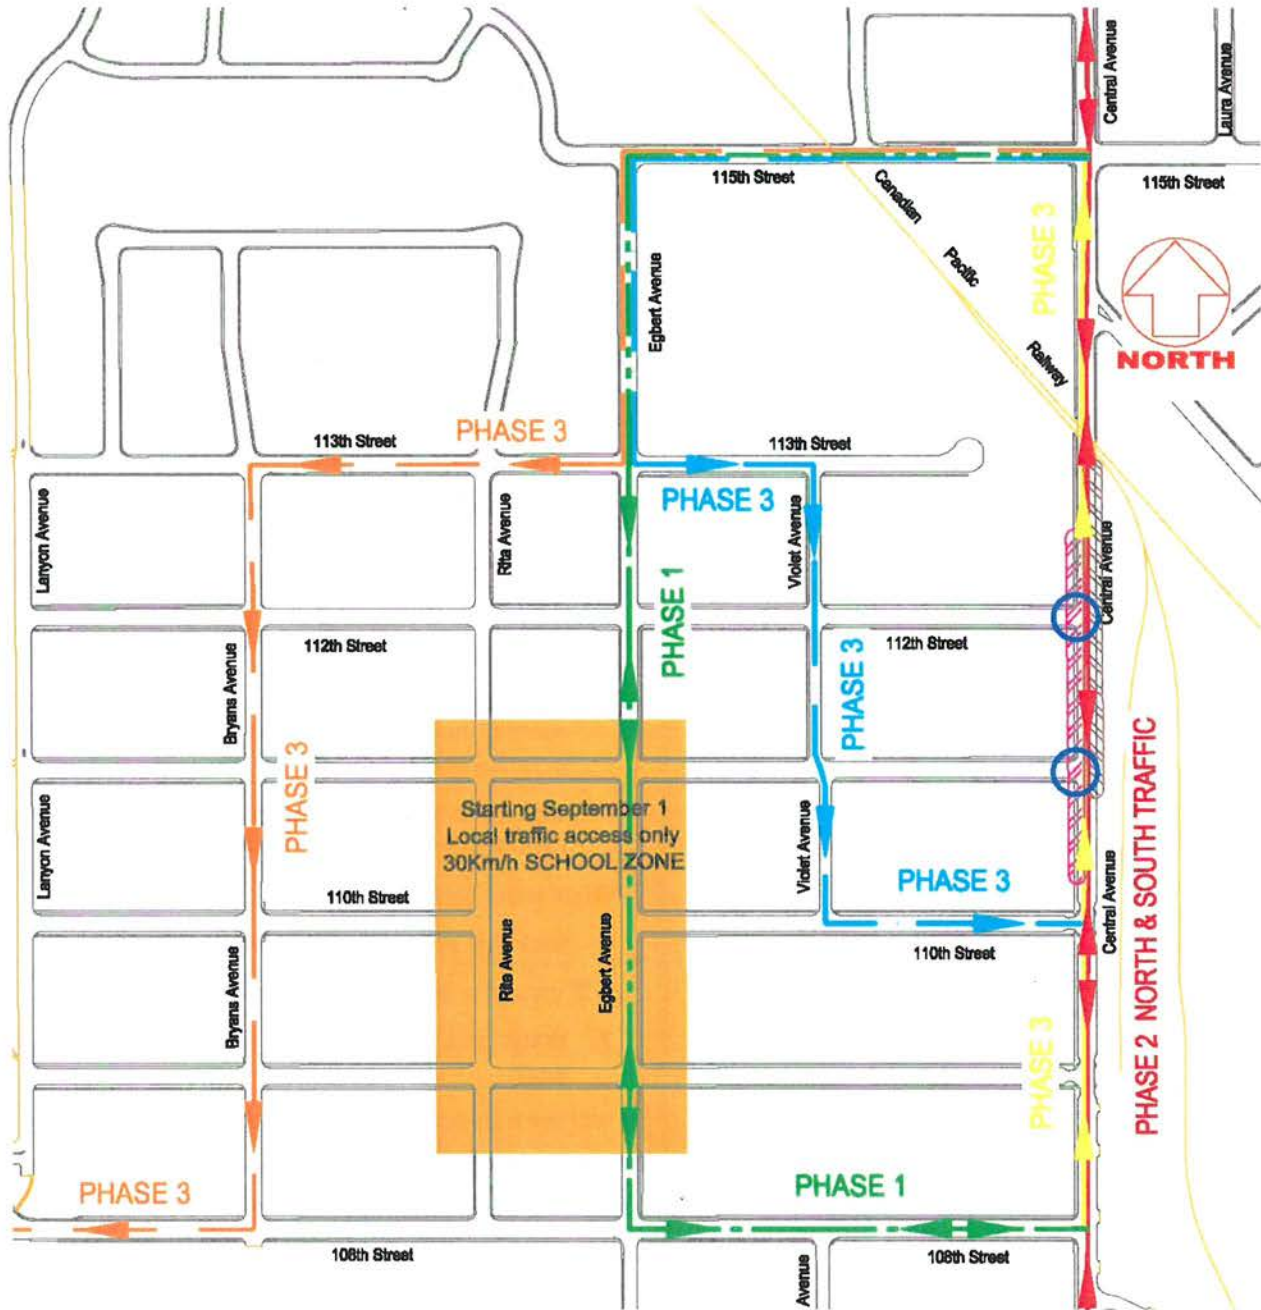

Will the bus routes change?

- During construction, please check the signs for alternate bus stop locations or call Saskatoon Transit at 306-975-3100.

File No.: TS 6005-53

Prior to the work commencing and during construction, we would like to hear any concerns you may have regarding this project. Please contact Andy McMeekin, Project Engineer, at 306-986-0888 or email andy.mcmeekin@saskatoon.ca. You can also write a letter and drop it off at City Hall with attention to Andy McMeekin.
